

On behalf of the leaders of the University of Miami Multifaith Dialogue working group and the University Chaplains Association, we strongly condemn the senseless attacks on the Muslim community in Christchurch. Mosques and other places of worship should be safe spaces for people to practice their faiths free from fear. Islamophobic acts and words of hatred and violence do not have a place in our communities. Our hearts go out to our Muslim colleagues and students at this very difficult time. We stand in solidarity with you.
